Dual NETWORK

TRAFFIC ISOLATION

Isolation of AV control & LAN achieved by dual network ports.

Dual ports avoid complex network configurations such as VLANs.

360 DEVICE

AUTO DISCOVERY

Netvio 360, free utility for PC and Mac providing a unified and guided workflow approach to discover. Configure, optimize, design and control.
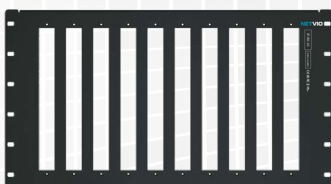

S= SECURE

ENTERPRISE ENCRYPTION

Encoder, decoder communications secured by SSH encryption with controller (CL) to LAN using secure web socket.

Internal & external browsers secured by HTTPS & TLS, including custom certificates.

Other AVoIP Products *(Sold separately)*
