

The cool, cosy atmosphere of a jazz club, or the experience of being right there in the moment at the front of the stage. Sound that will envelop and surround you. Sound that makes you feel like you can almost reach out and touch it.

These 3-way speakers feature two hefty 165mm bass drivers in an extended bass shelf alignment, providing deep, tight bass. A dynamic non-fatiguing vocal mid-band is delivered by a 130mm midrange driver, and lucid, detailed highs come from the 25mm super audio tweeter with an extended frequency response to 40kHz.

Producing a truly natural, all-encompassing sound, the Harmonix Mk2 features front facing ports which allow the speaker to be pushed up against a wall without compromising sound quality. They are also timbre matched with all Krix speakers for surround sound fidelity and come in a range of elegant cabinet finishes for definitive style and flexibility.

For the ultimate sound experience at home, play it through Krix.

FEATURES

- Tight, tuneful bass
- Clear, dynamic midrange
- Up close and personal

Harmonix Mk2	
Frequency Range	35Hz - 40kHz (in room response)
Power Handling	50 - 250 Watts RMS recommended amplifier power
Sensitivity	90dB (2.83V / 1m)
Impedance	Nominal 6 Ohms (minimum 3.1 Ohms)
Configuration	3-way
Low Frequency Drivers	2 x nominal 165mm (6½") laminated polypropylene cones. 33mm (1¼") voice coil wound on high powered aluminium former, with ventilated spider and aluminium flux stabilization ring for low distortion
Mid Frequency Driver	1 x nominal 130mm (5") coated paper cone. 26mm (1") voice coil wound on high powered aluminium former, using copper shorting ring and oversized magnet for lower distortion
High Frequency Driver	25mm (1") dual concentric diaphragm with wave-guide centre plug for controlled directivity. Non-reflective dual chambered magnet structure with copper shorting ring to lower distortion
Enclosure Type	Dual chambers - sealed midrange chamber with bass reflex main chamber. Front vented with internal and external flaring
Input Terminals	Dual gold plated bi-wire binding posts (bi-wireable, bi-ampable)
Dimensions	1040mm high x 220mm wide x 350mm deep (including grille)
Weight	28kg each

COMPLEMENTARY CENTRE CHANNEL

For the ultimate movie experience. Ensuring perfect timbral matching with the Harmonix Mk2, the Vortex Mk2 centre channel speaker features identical, high grade components with vertical mid and high frequency driver alignment, ensuring a seamless soundstage of crystal clear dialogue and bone-crunching effects.
